SUMMARY

Enthusiastic and motivated Frontend Developer eager to kick-start a career in web development. Proficient in HTML, CSS, and JavaScript, with a foundation in React.js. Excited to collaborate, grow, and contribute to innovative frontend projects while continuously expanding skills and knowledge in the field.

PROJECTS

CryptoTracker Web Application   GitHub | Live Demo

(Javascript, React, HTML, CSS, Material UI, Framer Motion)
I developed a comprehensive crypto tracker web application that allows users to monitor cryptocurrency prices, access detailed information for specific coins upon clicking, and compare various cryptocurrencies to make informed investment decisions. Additionally, the app features a watchlist page for users to save and track their preferred cryptocurrencies.

E-commerce App with React   GitHub | Live Demo

(Javascript, React, Context Api, HTML, CSS)
I am currently developing a aesthetically pleasing e-commerce shopping cart application using React.js, Context API for state management, and React Router for dynamic routing. With a thoughtfully curated selection of 20 handpicked products and a beautiful user interface. Shoppers can effortlessly browse, add items to their cart, and complete their transactions.

Personal portfolio   GitHub | Live Demo

Developed a personal portfolio website using HTML, CSS, and JavaScript. Incorporated the GSAP library to create interactive animations and enhance user engagement. Included sections for "About Me," "Projects," and "Contact." Designed for a responsive and user-friendly experience across various devices.

EDUCATION

Apr 2021	**Bachelor of Science in Hospitality Studies** Savitribai Phule Pune University, Pune, Maharashtra
Apr 2017	**Higher Secondary Certificate (HSC)** Maharashtra State Board (MSBSHSE), Buldhana, Maharashtra
